## Money Box Campaign

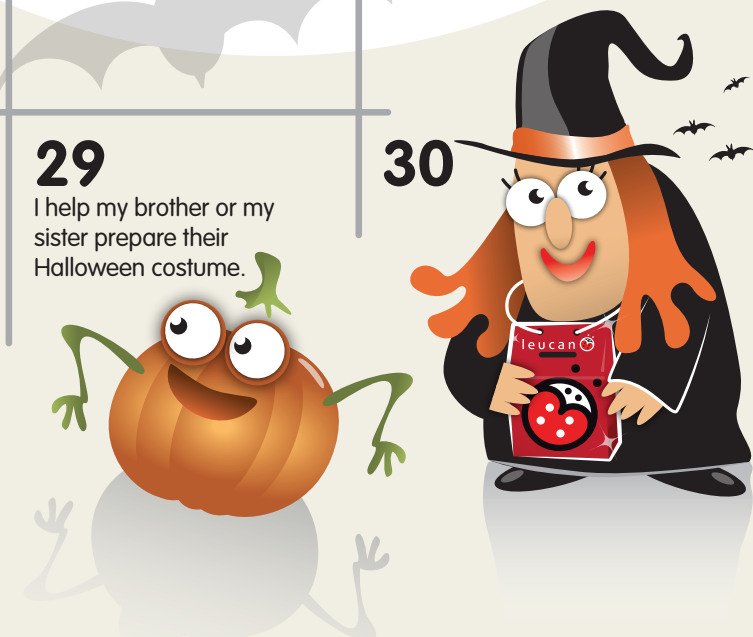

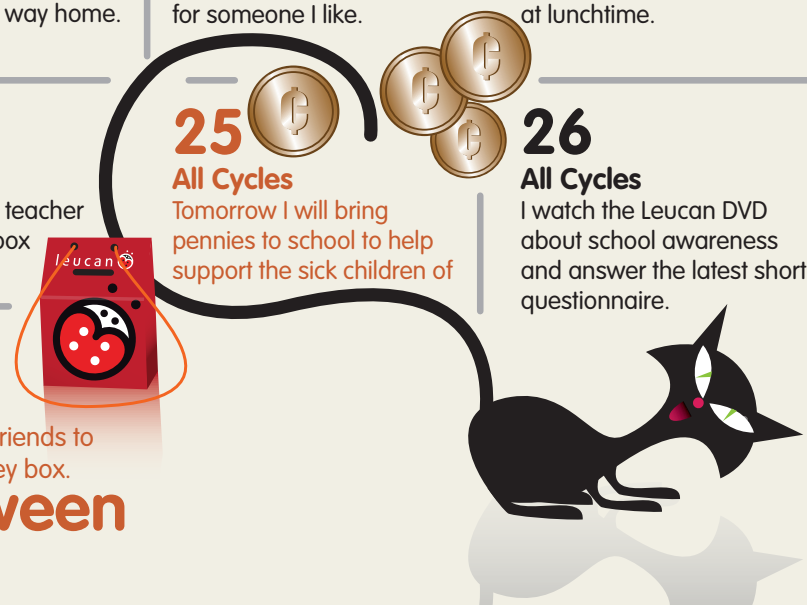

### 2011 theme: Assistance

Leucan offers different types of assistance to the child and his/her family during the course of the illness. At the hospital, Leucan accompanies the families by offering babysitting services and monthly lunches. Children are offered arts and crafts activities and games. Massage therapy is also offered to families at the hospital as well as at home.

Leucan organizes socio-recreational activities such as summer camp, youth camps, a Christmas party and various outings. Leucan also offers monetary assistance to families to help lighten the financial load incurred by the illness.

Leucan's School Life program allows assistance to families in the management of their child's schooling in addition to educating the school community about the reality of pediatric cancer.
