

# Halloween

## Money Box Campaign

ACTIVITY BOOK

**Cabosse the Witch and her friends came up with activities to do as part of the Leucan Halloween Money Box Campaign.**

Students can have fun, help each other, raise awareness and become accountable while feeling proud to take part in this wonderful initiative for Leucan.

## ACTIVITY FOR SCHOOLS AND INSTITUTIONS

### Costume exchange

Invite friends to bring Halloween costumes from previous years.

In exchange for a \$1, they can pick a new one. Invite parents to join their child to pick a new costume.

The money made will increase the amount raised by your institution.

This is a great activity to make children more aware of the Four Rs principle:

Reduce  
Re-use  
Recycle  
Re-buy

### Idea!

Nominate a few students to pilot this activity!

## ACTIVITY IN CLASS, FOR A GROUP, OVER LUNCHTIME OR AT RECESS

Before Halloween

### Healthy competition

Break into small teams. The team that assembles the greater number of money boxes (box and lace tied up) in a given time wins.

To make it fun for the whole group, enter a team of teachers/educators in the race!

### Mutual aid

Ask the older kids to help the younger ones (distribution and assembly of money boxes, writing down the student's name on the box).

### Learn to know your friends

Write down each name on the boxes then ask students to pick one and to give it to the right classmate.

### Sports

Hold a relay race but instead of handing out a baton, each relay is an assembly step of the money box (box and lace).

### Educational

#### Reading comprehension:

Students read a text about Leucan and then answer a series of questions.

#### Leucan Project:

Oral presentation given by sixth grade students to K-6 students (it includes an assessment sheet to be completed by the teacher of the group to whom the presentation is given).

Documents available on the Halloween Money Box Campaign page of Leucan's website.

## ACTIVITY IN CLASS, FOR A GROUP, OVER LUNCHTIME OR AT RECESS

After Halloween

### Awareness

Have students open the money boxes and empty them in a pot or bag (deposit bags are provided at the time of registration). This way, they can see the amount of money raised thanks to their collective efforts.

Put the boxes and laces in the recycling bin (great way to teach the Four Rs principle: reduce, re-use, recycle, and re-buy).

### Accountability

Break students in small groups who will be responsible for collecting the money boxes and preparing them according to the type of money processing you chose.

### Educational

Have students divide the coins according to denomination and then count the number required to make a roll:

pennies: 50  
nickels: 40  
dimes: 50  
quarters: 40  
loonies: 25  
twonies: 25

# \$500

### Contest

#### \$500 prize money

Roll up the coins, make a deposit at your banking institution and send us a direct deposit or cheque made out to Leucan in the amount raised. Please visit the Halloween Money Box Campaign page of Leucan's website for more details about the contest.

### Learning activity

Enter the contest by using the LEARNING AND EVALUATION SITUATION (LES) developed in partnership with Université de Montréal and in accordance with the criteria of ministère de l'Éducation, du Loisir et du Sport.

### Important Note:

If you choose to roll up the coins as an educational activity but do not take care of the deposit, you will not be eligible to the contest. You can still put the coin rolls in boxes, which will be picked up by our team of volunteers.

**By making the deposit, you help Leucan to reduce costs associated with picking up and processing the money.**
