THE JOCELYN-DEMERS AWARD

HISTORY

The Jocelyn-Demers Award was established in 1999 in tribute to Dr. Jocelyn Demers, pediatric hematologist-oncologist and the co-founder of Leucan in 1978. This prize consists of four scholarships totaling \$6,000 awarded once a year as part of Leucan's Annual General Meeting (AGM), to four young people in order to support them in the pursuit of their studies.

- Two \$2,000 scholarships to two deserving students
- A scholarship of \$1,000 for the Jury's favorite student (Coup de Coeur du jury)
- A \$1,000 bursary awarded to a student with a particular academic background

MAIN GOAL

This distinction aims to recognize a candidate who has persevered and surpassed themselves on the academic level. However, the academic performance of the candidate is not a preponderant criterion in the awarding of this scholarship.

ELIGIBILITY CRITERIA
